***Re: City of Tacoma v. WorldGate Communications, Inc.
 C.A. No. 05-62-GMS***

Dear Judge Sleet:

Please find enclosed for the Court's consideration a proposed Stipulated Revised Scheduling Order in the above-referenced matter. As set forth in the Stipulation, the parties had hoped to engage in mediation with Magistrate Judge Thyng before incurring significant expense in discovery. Because Judge Thyng could not schedule mediation until October of this year, the parties have arranged a private mediation to take place this Friday, April 28, 2006. The enclosed Order extends the discovery deadline, which is currently April 28th, to June 7, 2006, and extends the case dispositive motion deadline by only one month, from May 12, 2006, until June 12, 2006. On behalf of both parties, we respectfully request that the Court enter the enclosed Order.

Respectfully,

Adam Balick
